Position: Project Manager

Hours: 20-40 hours/ week

Are you ready to take on an entrepreneurial challenge? Are you looking to work in a fast paced environment with leading edge technologies? Are you able to showcase flexibility, creativity and thrive both independently and in a small team?

Company

Kickir Studios is a startup with a dynamic work culture and looking for a talented project manager to join the team. We streamline software design and development for early-stage companies (e.g. [PopInShop](#), [SpeSoHealth](#), [Jin+Ja](#), etc...). We work closely with our clients and take responsibility of creating, maintaining and managing end-to-end software solutions. Kickir Studios was founded at the Wharton School, University of Pennsylvania and is a member of the Wharton Venture Initiation Program.

Responsibilities

- Owning client relationships including collecting requirements, reporting project status back to the client and meeting client needs
- Facilitating project planning sessions with software developers
- Working with the Founder / CEO on recruiting new software developers and onboarding them onto a project
- Responsibilities / Opportunities subject to grow based on candidate experience and company needs

Qualifications

- 2+ years experience in project management or in a business environment
- Strong organizational capabilities
- Ability to solve problems independently and demonstrate initiative
- Knowledge of software / web technologies is a plus
- Knowledge of Agile methodologies is a plus
- Strong communication skills

Salary: Determined based on experience
